## **We did not inherit the earth from our parents, we have borrowed it from our kids**

### **Children are the future of the world**

The International Summit of Education for the Future is for all those who are interested in an education for a conscious and dignified humanity, confident and joyful, deeply respectful of all realms, of all peoples, of nature and its diversity, of the planet and all its resources!

Peter Gray, Anil Gupta, Olivier Clerc, Antonella Verdiani, Mikaël Zayat, Michaël et Della Szyper, Princess Hayat Arslan, Sandira Belia...

More than 50 creators, innovators and founders will share their experiences and their vision of the education for the future.

### **Be part of the summit:**

- Take part in the event from 20 to 30 April 2022
- Take part in the Off International Festival of the Education for the Future, from 1 to 8 May 2022: a wiki website will allow each participant in the summit to create an event: talk, workshop, guided tour, round table, etc.
- Become a partner: sympathizer, supporter, benefactor, patron or volunteer co-organizer

A whitepaper, a community platform for linking, sharing and exchanging and an e-learning platform will be published following the summit.
